Kwanzaa Craft Instructions:

Hi Culture Kingdom Kids! Let's make a Kwanzaa banner craft!

Gather child-safe scissors, glue and a color printer. Cut and paste the kinara (candleholder) to the kente cloth construction paper. The red candles go on the left side. The black candle goes in the center. The green candles go on the right side. Snap a picture and email your finished craft to culturequeen@culturekingdomkids.com.

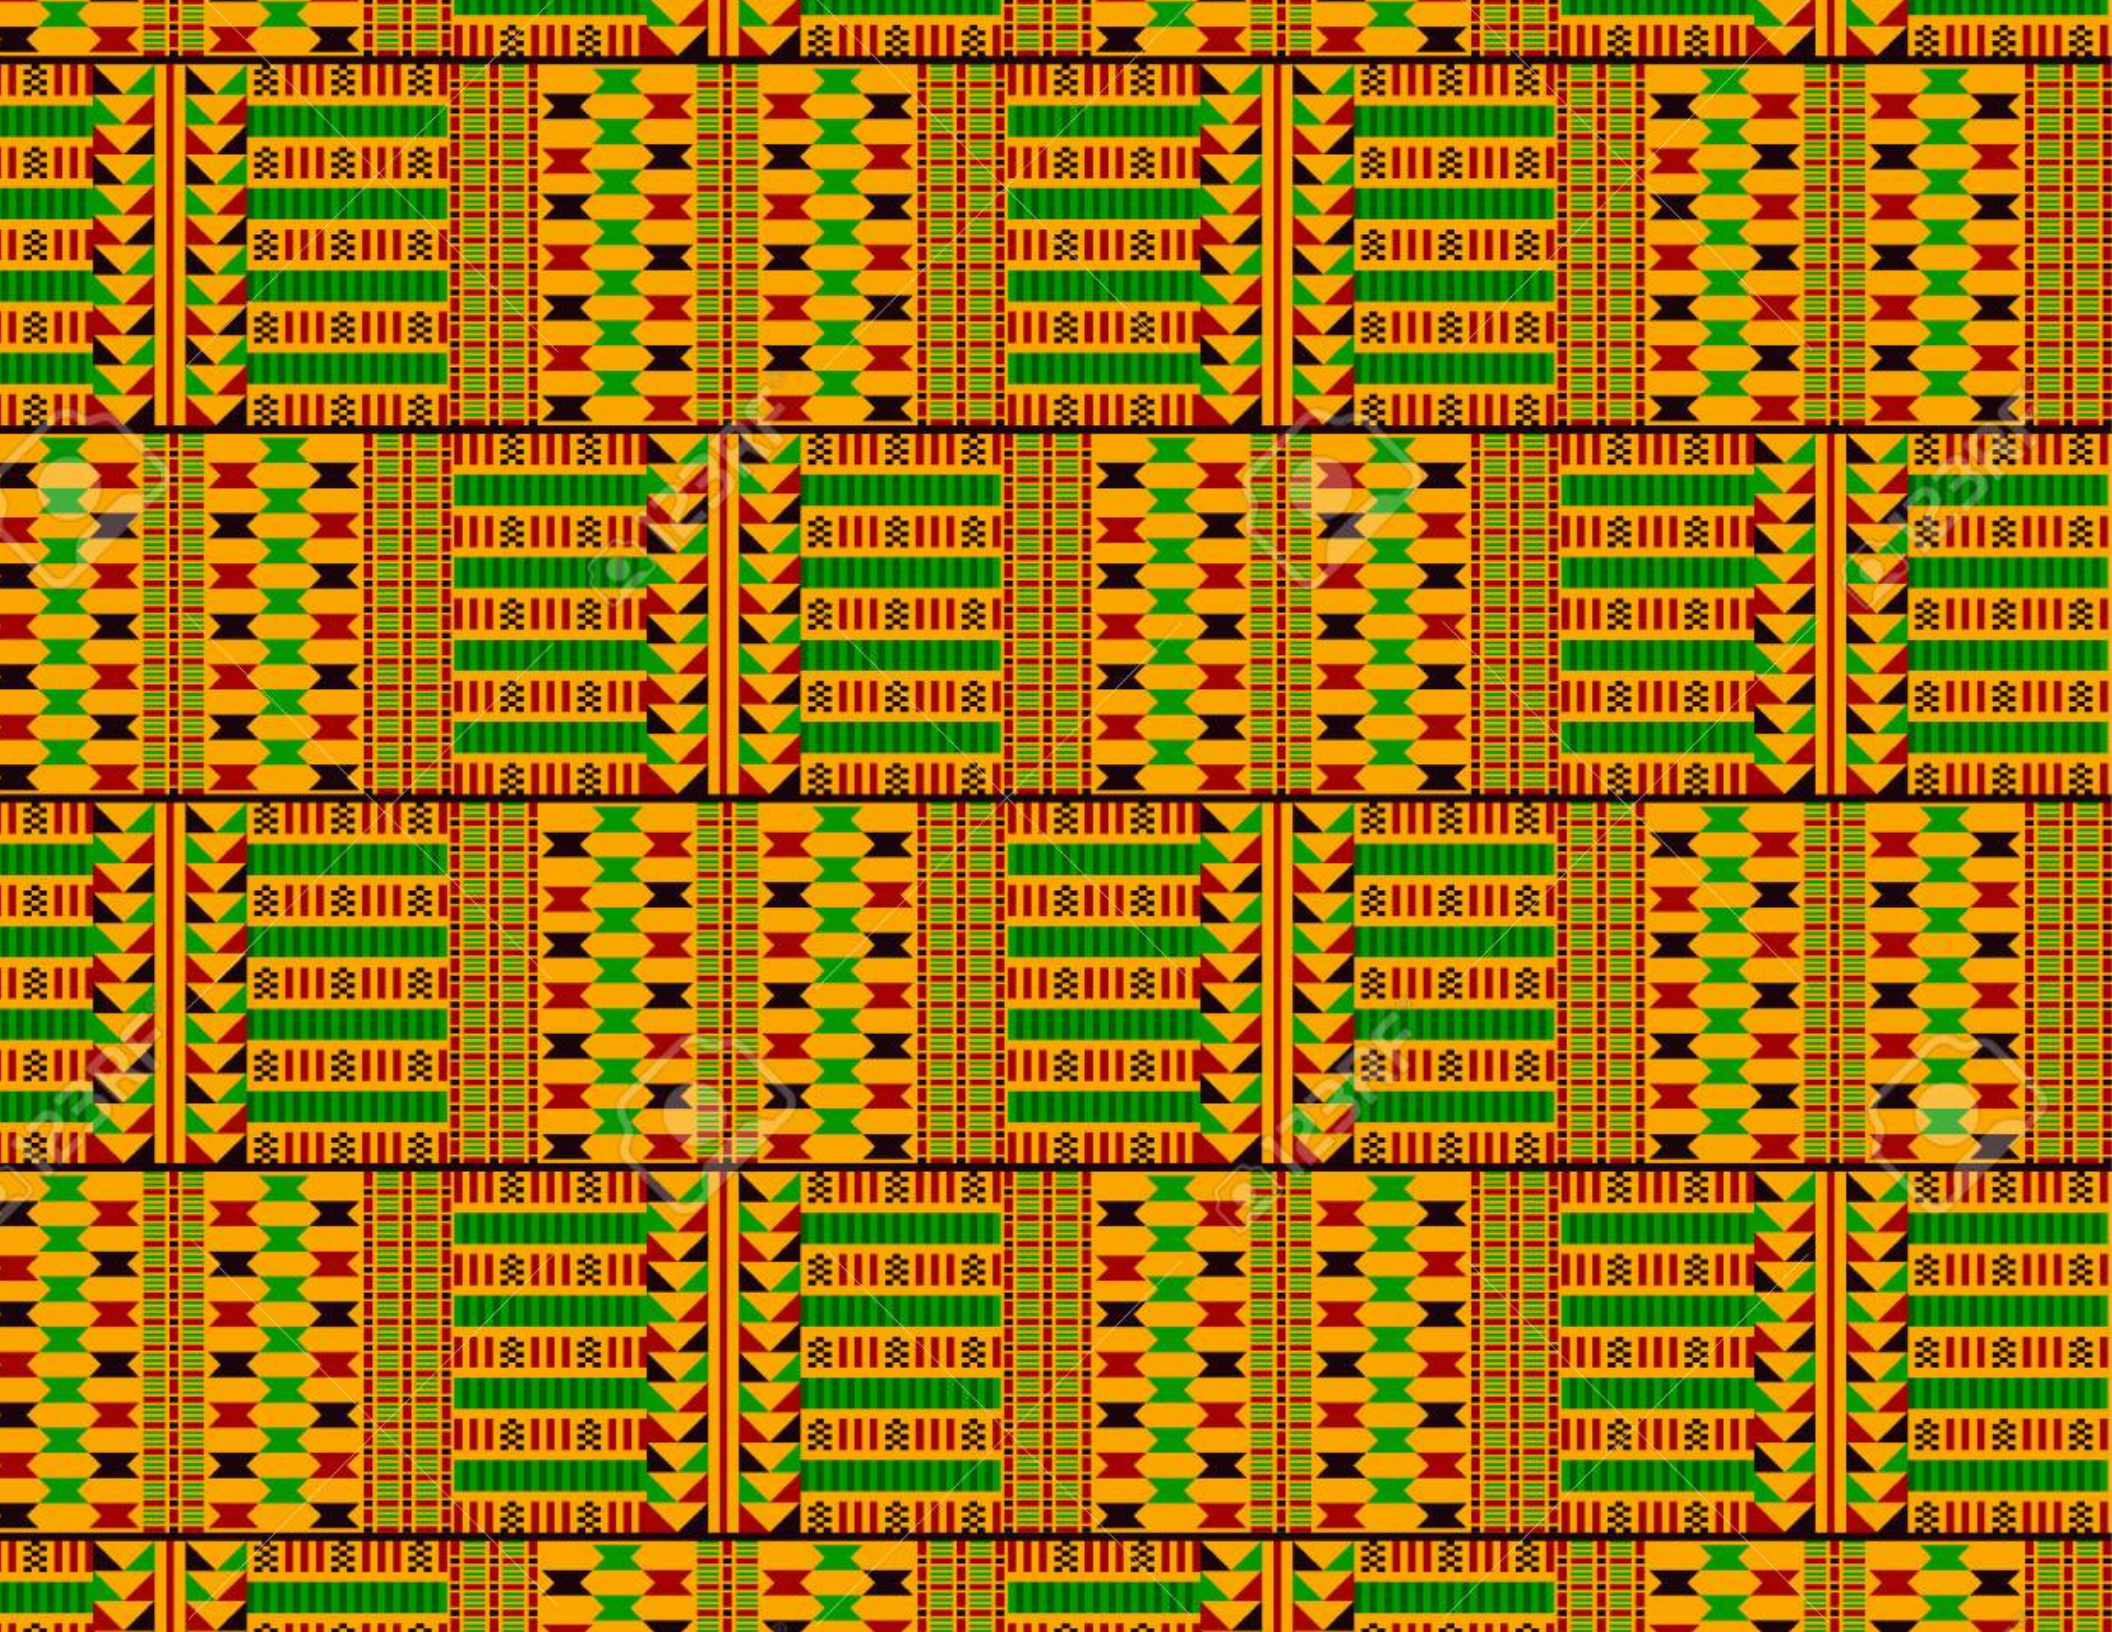

Love, Culture Queen
